COUNCIL PUTS OK ON OVERPASS

Construction of the proposed \$750,000 Buchanan Street overpass came a step nearer as the Albany City Council granted authorization for the city to proceed with the project after hearing reports of DeLeuw, Cather & Co., San Francisco consulting engineers.

The City will file an application with the state for permission to go ahead. The City Engineer will take up with the Southern Pacific Co. the financing plans and for easement agreements will consult with the U.S. Dept. of Agriculture.

Funds for the project will come from state and county sources. Gas tax monies have already been received to the amount of \$354,000.

Traffic engineer James Myers, of the engineering firm, said:

"Since 1941, there have been two deaths and three injuries at the crossing which were directly attributable to cars and trucks striking trains."

In addition to this, there have been many accidents where cars have crashed into fixed installations.

According to Myers, the Buchanan Street crossing provides the only access to parts of Albany lying west of the freeway.

The City Council vote to proceed with the project was unanimous.

HEART GRANT

Editor, The Albany Times:

I was one who signed the intention to circulate a recall petition which was served on Mayor Zahn. I regret such a step is necessary, but our city of Albany is in such a turmoil that I feel there must be a change made in our city council. Our city employees can certainly not work effectively if they are not sure of having a job after each Monday night council meeting.

The state of affairs is rather pitiful when many people who work out of the city go to work rather sheepishly on the day after the newspapers give an account of the city's council meeting, because of the ridicule about Albany and as the presiding official, Mayor Zahn and her supporting clique must be the ones to be held responsible for the continuing fiasco.

I have no personal feeling whatsoever toward Mrs. Zahn. I think she does what she believes

in for the city. I rather feel sorry for her actually, because I believe she is so wrong about what is good for the city. Regardless of her stated motives, I feel she is unfit for the office.

I have given much thought to this matter as my interests and endeavors have never before been in political participation, but rather in P.T.A., Cub Scouts, School Board Advisory Committee, participation in fund raising campaigns as requested, and maintaining a home as a housewife. However, the continuing harassment of individuals by the present administration has, in my opinion, forced me to participate in this action so that the people of the city can give an expression of opinion as to whether this type of conduct of municipal affairs is what they desire.

VIRGINIA J. MOODY

Editor, The Albany Times:

On September 16 I joined the citizens of Albany who wish to recall Mayor Kathe Zahn because I feel that while she is on the City Council they cannot work for the "good of the City."

Again and again at the Monday night council meetings the Mayor has shown that she does not work for "the good of the City" by using insulting tactics and prejudiced action towards Councilmen Blank and Howell while favoring and supporting openly the proposals of Councilmen Carlevaro and Boylich.

Mayor Zahn was once quoted as saying: "Under the City Charter all Council members have the same authority — the Mayor only signs contracts or other legal instruments on behalf of the City by the order of the City Council and represents the City at ceremonial functions". Could it be that Mayor Zahn has forgotten this statement she made in the March 29, 1957 edition of the Albany Times?

Chamber Chatter

Your Albany Chamber of Commerce is an organization of interested men and women who through united effort are working for the progress of Albany. Problems can be solved and progress made only by being properly informed and by cooperation with all civil leaders. This is the purpose of the Membership Meetings, luncheons scheduled for the third Thursday of each month. This was demonstrated last Thursday when over thirty interested members, guests and Mayor Zahn heard Richard J. Shephard, representative of the San Francisco Bay Area Rapid Transit District, tell of the need for Rapid Transit and the proposed plans for Rapid Transit in Albany. The impact of the present proposed route would be great in our city and the problem is critical. But study, cooperation, and unified effort surmounts all problems. A committee has been formed by your Chamber of Commerce and a meeting has been set for Thursday, September 29th to study and work on this vital issue.

Reports from Campaign Chairman, Len Pecchinino are that Albany's United Crusade Campaign is making progress. Congratulations to those hard working volunteers and to the business men and women of Albany whose generosity proves that when EVERYBODY GIVES... EVERYBODY BENEFITS.

Here is news and an appeal from another hard working group with a purpose. The Zunept School is trying to raise funds to send one of their members to New York to the Golden Jubilee of Camp Fire Girls, Inc. It is the organization's fiftieth anniversary. The girl chosen unanimously by the group is Ruth Weirner. Ruth is a senior at Albany High... has been in Camp Fire Girls for seven years... has served in many ways as: Hospital Aide, Day Camp Aids and this past summer spent a month as a CIT at Camp Caniya. Albany Exchangeettes are sponsors of this group.

A very special welcome and

Albany High Student Sees Life in Reich

(Last summer, Renee De Yoe, Albany High School senior, lived with the Dr. Hans Theophile family in West Germany for two months, under the American Field Service Exchange Student Program. This is the first in a series of articles in which she tells of her experiences.)

By RENEE DE YOE

Last summer I was the Albany representative in the American Field Service. The American Field Service is an organization based on the concept that a person to person relationship, with people of other countries will create a better understanding and will help unite them.

On June 16, I flew to New York. After a few days of seeing the sights, all the AFS'ers met in a very large room where we received last minute instructions before boarding the ship. On the ship we really began our AFS experience. We attended language classes, orientation classes and very entertaining forums on our respective countries. We also had plenty of times for fun activities, making new friends, community singing, discussion groups and dancing. With the food being so excellent, we all started gaining weight. Finally, after 10 days, the day of arrival in Rotterdam, Holland, was here. We were greeted with a big band and even the mayor spoke to us, wishing us a pleasant stay in the parts of Europe we were going to.

All the students staying in Germany boarded a special train taking us to many different parts throughout Germany. We were now, of course, getting very excited and a little apprehensive to meet our host families where we would be staying for the next eight weeks. The group I was in spent the afternoon with our German chairman in Dusseldorf getting our first look at a big German city. We were all excited and couldn't see or do enough.

Dusseldorf has really been built up since the war with many new modern buildings. I was surprised to see such few war ruins. We were then divided up again, and all the students in the group I was in traveled a few more hours to Dortmund where we would meet our respective families. My German mother (Mutti) and an uncle met me. As one might imagine, I was a little nervous before meeting them. I didn't know exactly what to do, but of course everything turned out fine. Driving home — to my new home — with my new mother was a wonderful experience. I knew I would have a wonderful time being with her and the rest of my family.

Although it was late, and dark, I could see some of the pretty little city I was in. There was a great deal of shrubbery and rows of tall trees by the streets. My summer was really wonderful too — trying to become part of a new family, doing the same things they did and enjoying these immensely, and meeting new and interesting people.

The picnic at the Standard Oil Rod and Gun Club was a great success. The hot pot luck dinner, under the management of Mary Arns, was something new and was heartily enjoyed by the group. Some of the more energetic members of the Senior Club have been busy this past week cleaning and re-arranging the extra space at the old recreation headquarters, which was made available to the seniors through the efforts, over the years, of Kathe Zahn, Mayor of Albany.

Forecast: SHOWERS TODAY AND EVERY DAY!

Oakland's Leo Cecaci works in front of an open-hearth steel furnace. Eight hours a day at temperatures in the 100's. How to beat heat like that? Leo does it with EBMUD water — plenty of cold showers.

Leo uses a lot of water, but he's not likely to run out. In the first place, EBMUD already brings nearly 160-million gallons into the East Bay every day. In the second place, the \$252-million expansion program you okayed at the polls in 1958 is moving swiftly ahead.

The result? Plenty of showers for everyone. And enough water to stay well ahead of population and industrial growth.

Announcing the 1961 Ford . . .
Beautifully proportioned to the

**CLASSIC
FORD
LOOK**

The 1961 Ford Galaxie Club Victoria — beautifully built to take care of people

An honor to be proud of, this is the medal presented by the international fashion authority, Centro per l'Alta Moda Italiana, to the 1961 Ford for functional expression of classic beauty.

BEAUTIFULLY BUILT TO TAKE CARE OF ITSELF

The 1961 Ford introduces a whole new concept of what a car can do for you . . . and for itself!

It lubricates itself. New nylon bearings and a newly developed lubricant keep the '61 Ford freshly greased for 30,000 miles. Good-bye grease racks! What's more, it cleans its own oil. The 1961 Ford's Full-Flow oil filter lets you go 4,000 miles between oil changes.

It adjusts its own brakes. A "mechanical brain" keeps brakes adjusted for the life of the lining.

Rust? Ford's body is specially processed to resist corrosion, even to galvanizing body panels beneath doors.

Ford takes care of itself on the turnpike, too, with a new 390-cu. in. Thunderbird Special V-8 that has all the punch you'll ever need. The 352 Thunderbird Special V-8 and 292 Thunderbird V-8 thrive on regular gas. And, for top economy, you can choose the '61 Milcage Maker Six.

This is the 1961 Ford . . . beautifully proportioned to the Classic Ford Look . . . beautifully built to take care of itself.

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF

LUBRICATES ITSELF. You'll normally go 30,000 miles without a chassis lubrication.

CLEANS ITS OWN OIL. You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.

ADJUSTS ITS OWN BRAKES. New Truck Size brakes adjust themselves automatically.

GUARDS ITS OWN MUFFLER. Ford mufflers are double-wrapped and aluminumized—normally will last three times as long as ordinary mufflers.

PROTECTS ITS OWN BODY. All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing body panels beneath doors.

TAKES CARE OF ITS OWN FINISH. New Diamond Lustre Finish never needs wax.

It matches you with one of nearly 100 driver classifications—according to your age, your sex, family members who drive your car, where you drive, how much you drive, and what you use your car for. It's more accurate in determining YOUR fair rate. And whatever your classification, you're pretty sure to pay less with State Farm than most folks pay elsewhere. Contact me today.

**ANSWER TO THE "NOTICE OF
 INTENTION TO CIRCULATE
 PETITIONS" FOR THE RE-
 CALL OF COUNCILMAN
 AND MAYOR KATHE S.
 ZAHN**

This is nothing but a political
 maneuver. The reasons given in
 the petition are NOT justifiable
 in any sense of the word for a
 recall.

"RECALL" was never meant to
 be used to take an official out of
 office, simply because of an hon-
 est difference of opinion.

For the past 10 1/2 years I have
 earnestly and sincerely perform-
 ed my duties as a member of the
 City Council in a straightfor-
 ward, open and honest manner,
 frequently under very hard and
 adverse circumstances.

This group desires my recall
 because I CANNOT dictate and
 control my INDEPENDENT
 judgment in vital matters con-
 cerning the welfare of the resi-
 dents of Albany. My record over
 the past 26 years that I have
 worked for the City of Albany,
 (16 years as a "public-spirited citi-
 zen" and 10 1/2 years as a council
 member) speaks for itself—I am
 proud of it.

This whole recall centers
 around the fact that I appointed
 Mr. Paul BOYICH to the City
 Council over the protests of 311
 citizens. (Albany population
 15,000 people). Many of the sign-
 ers can EASILY be identified as
 belonging to the "BLANK-clique".
 Councilman Joe Carlevato and
 I voted for PAUL BOYICH to
 fill the vacancy, because Council
 vacancies in 1948 and 1952 were
 filled by runners-up in previous
 elections. In this manner Coun-
 cilman HOWELL was appointed
 in 1952. Obviously, I can NOT be
 held responsible for deadlocking
 the Council, since I have ONLY
 "ONE VOTE". I appointed Mr.
 BOYICH since he was the next
 HIGHEST one on the list. He
 pulled 1757 votes—26 votes
 LESS than JEROME BLANK—
 at the APRIL election.

SOME of the proponents of
 this recall wanted to conduct a
 "WITCH HUNT" in Albany. They
 made accusations against PAUL
 BOYICH, BUT—when I request-
 ed to make such charges in
 WRITING with a NOTARIZED
 SIGNATURE—NO SUCH LET-
 TER WAS SUBMITTED (IT IS
 EASIER to BESMEAR a person's
 name by INVENTING).

EVERY YEAR the POLICE
 DEPARTMENT lost some of its
 employees, who were seeking em-
 ployment ELSEWHERE, but
 NOW I am accused as being the
 CAUSE of it.

I defy the group working BE-
 HIND THE SCENES in this re-
 call movement to SPECIFICALLY
 and DEFINITELY point out
 any instance where I have in-
 fluenced employers to discharge
 employees who did not agree
 with me. I DEMAND that a let-
 ter from such employer be pro-
 duced VERIFYING such ACCU-
 SATIONS.

I am being accused of having
 threatened citizens with PHYS-
 ICAL VIOLENCE—the TRUTH
 is, that I was threatened with
 DEATH, if I would DARE make
 the appointment of BOYICH; as
 a matter of fact, I was actually
 ATTACKED by one member of
 the clique in the Court of Cham-
 ber. THESE STATEMENTS CAN
 EASILY BE VERIFIED WITH
 THE POLICE DEPARTMENT.

I cannot go into detail answer-
 ing these charges, since under
 the law, this answer cannot ex-
 ceed 500 words, but I wish to say
 this: "SHOULD the proponents
 be able to secure the necessary
 signatures for my removal to
 place this on the ballot, the "SPE-
 CIAL ELECTION" will cost Al-
 bany TAXPAYERS approximat-
 ely \$6,000."

LEGAL NOTICE

In the Matter of the Recall
 of Councilman and Mayor
 Kathe Zahn

**NOTICE OF INTENTION TO
 CIRCULATE A RECALL
 PETITION**

We, the undersigned citizens
 and legal voters of the City of
 Albany, County of Alameda,
 State of California do hereby give
 notice of our intention to circulate
 a recall petition demanding the
 recall of Mrs. Kathe Zahn,
 councilman and mayor of the City
 of Albany. Recall of councilman
 and mayor Kathe Zahn is sought
 upon the following grounds:

FIRST: Said councilman has
 consistently assumed a dictatorial
 attitude toward the citizens of
 Albany and her fellow council-
 men in that she has refused to
 hear petitions, criticism or com-
 ment, and denied her fellow citi-
 zens the right of freedom of
 speech at council meetings.

SECOND: Said councilman
 has utilized her elective position
 as an instrument for personal
 vengeance against a fellow coun-
 cilman and city employee and
 townspeople whose views differ
 from her own in that she has
 utilized her elective office in at-
 tempts to influence employers to
 discharge employees who have
 had the courage to disagree with her.

THIRD: Said councilman,
 through her actions, has created
 a feeling of insecurity among
 city employees. Working condi-
 tions for many city employees has
 become so intolerable to them
 that many responsible and experi-
 enced civil servants are seeking
 positions elsewhere.

FOURTH: Upon the resigna-
 tion of councilman Ray Cirimeli
 in August of 1960, said council-
 man Zahn, who was then mayor,
 encouraged and caused the City
 Council to remain deadlocked in
 the selection of a successor with
 the result that as mayor, said
 councilman Zahn appointed a per-

son of her own personal choos-
 ing who is in the opinion of the
 proponents of this notice of inten-
 tion to circulate a recall petition
 unqualified and unfit to fill the
 vacancy. When citizens of the
 City of Albany questioned the
 qualifications of said appointee,
 they were denied the right of
 freedom of speech at council
 meetings, their petitions were
 ignored, they were threatened
 with physical violence, and treat-
 ed with contempt and impudence,
 all to the detriment of the City
 of Albany.

FIFTH: Said councilman,
 through use of innuendo and half
 truths has turned neighbor
 against neighbor, group against
 group, discouraged intelligent and
 responsible citizens from seeking
 public office, has destroyed com-
 munity spirit, impeded civic pro-
 gress and obstructed the free ex-
 change of ideas.

meet Al Bruce

Harnessing volcanic steam to make electricity is one of engineer Al Bruce's assignments. The project is near Geyserville where PG&E has constructed America's first "geyser" power plant. Natural steam formed deep inside the earth and coming to the surface through fissures and man-made wells turns the turbine-generator. This unusual power plant is adding to California's supply of low-cost electricity . . . an example of how creative engineering and efficiency enable PG&E to provide for \$1 the same gas and electricity that cost \$1.28 elsewhere.*
